

EXPERIENCE

Large scale face detections

OpenCV

DLK technologies

Dec 2018

Chennai

- Scratch detection in vehicles
- Face recognition based attendance systems
- Emotion detection
- Hand gestured mouse

Artificial Intelligence

Besant Technology

May 2018

Chennai

- Churn model projects
- Optimized accuracy values in Blood cell and flower dataset
- Optimized accuracy in mnist and fashions dataset of Keras
- Analysing user feedbacks for products using NLP
- worked on projects using ANN,CNN,RNN and Tensorflow Graphs

Machine Learning

FITA Solutions

DEC 2017

Chennai

- Road accident prediction
- Restaurant review analysis using NLP
- Optimized dataset using Logistic, Simple and Multiple linear regression EDA,SVM,Naive Bayes, AdaBoost and XGBoost Random forest, Decision Tree, Hierarchical Clustering

Digital Literacy Service

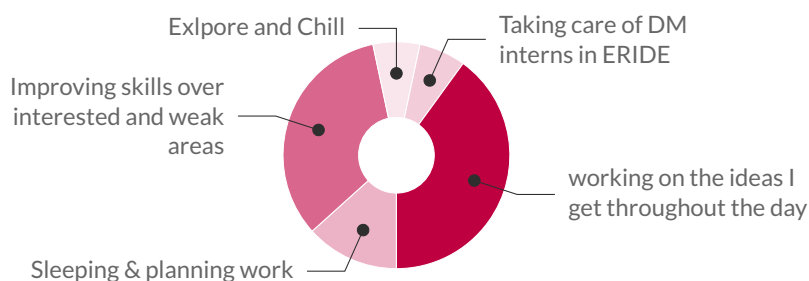

ERIDE NGO

MAY 2017

Chennai

- Conducted digital literacy sessions in rural areas and taught them about the latest tech and how to use the basic and essential part of internet
- Managed over 200 Interns in the NGO

A DAY OF MY LIFE

LIFE PHILOSOPHY

Work for it more than you Hope for it.

MOST PROUD OF

Courage I have

To take a sinking ship and try to make it float

Persistence & Loyalty

I showed despite the hard moments my willingness to stay with ERIDE even after lots of changes in the boards

ERIDE's growth

Over 5000 interns got internship on Digital marketing

Aspiring Kid in tech

field of interest in Artificial intelligence, Image processing and machine learning

STRENGTHS

Hard-working (18/24)

Persuasive

Motivator & Leader

SKILLS

Machine Learning

Artificial Intelligence

OpenCV

python & R programming

C,C++Java

C#.Net,VB.Net

HTML,CSS

CCNA/CCNP (20/24)

MCSA & MCSE

Adobe photoshop

Adobe illustrator

Ethical Hacking

Digital Marketing

LANGUAGES

English

Tamil

Hindi

EDUCATION

B.tech in Computer Science

Kalinga University

July 2016 – May 2020
